

Brussels, 11/3/2021

## **CLIMA 2022 promotion cooperation agreement between REHVA and FAIAR**

**REHVA**, the Federation of European Heating, Ventilation and Air-Conditioning Associations, represents a network of more than 120.000 engineers from 26 countries. REHVA is the professional pan-European organization dedicated to the improvement of health, comfort and energy efficiency in all buildings and communities.

**FAIAR**, the Federación de Asociaciones Iberoamericanas de Aire Acondicionado y Refrigeración (FAIAR) represents 14 member countries with dedicated experts in the area of heating, ventilation, air conditioning and refrigeration in the area of Ibero-America.

**CLIMA World Congress** is the flagship event series of REHVA in the field of building services and indoor climate quality attracting around 1000 participants from around the world every 3 years. The congress will focus on the irreversible influences that climate change, technology developments and digitalisation will have on climate installations in the coming decades. The 14<sup>th</sup> hybrid edition will be held in Rotterdam, and hosted by the REHVA Dutch Member Association, TVVL.

### **FAIAR, as co-sponsor of CLIMA 2022, agrees to:**

1. Publish the conference on its website in the event calendar with the logo and a link to the conference website
2. Promote the co-sponsorship of the conference, especially the digital conference through FAIAR channels (printed publication, email campaigns, website, and social media channels)
3. Announce regular updates on the FAIAR website and via its social media channels

### **REHVA as CLIMA 2022 co-organiser agrees to:**

1. Display FAIAR as international partner of CLIMA 2022, with the FAIAR logo on the website and promotional material (with a link to the FAIAR website)
2. Communicate FAIAR as international partner through its channels
